DETAILED ACTION

Allowable Subject Matter

1. Claims 5-7, 13, 14, and 17-20 are allowed.
2. The following is an examiner's statement of reasons for allowance: the applicant agrees with the examiner in regards to the allowability of the case.
3. The claims are drawn towards receiving and decompressing a network management object identifier. Of the known state of the art, at the time of the invention, it is not taught or suggested that OIDs may be compressed, except for packaging several identifiers into one major packet. Thus, the invention is novel and non-obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. They regard further background teachings on OID compression.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Melvin H. Pollack whose telephone number is (571) 272-3887. The examiner can normally be reached on 8:00-4:30 M-F.
